Browser Developer Tools: Chrome DevTools, Firefox DevTools.

Cross Browser Compatibility.

Debugging and Performance Optimization.

User Interface (UI) and User Experience (UX) Design Principles

Problem solving and Troubleshooting.

Strong Attention to Details.

Collaboration and Teamwork

SOFT SKILLS

1. Communication
2. Presentation
3. Time Management
4. Organized
5. Natural Leadership
6. Very Fast Learner
7. Attention to details
8. Strong Intuition
9. Problem Solving Ability

WORK EXPERIENCE

Shopbot Africa, Bayelsa State— *Frontend Developer*   OCTOBER 2023 - PRESENT

- I worked closely with project managers and designers to create visually stunning and **functional websites applications**.
- I utilized various frontend frameworks such as **Angular, styling styled components** and TailwindCSS to **streamline development processes**.
- I adopted frameworks that led to optimal website **performance and user experience** through responsive design and efficient coding practices

CO-OP, Bayelsa State— *Frontend Engineer*   JUNE 2023 - SEPTEMBER 2023

- I built and maintained company's websites, ranging from small businesses to **large scale**
- I **developed and standardized design systems** and brand guidelines.
- Successfully managed the platform to handle over 500+ user activities, demonstrating robust scalability and ensuring a smooth experience for a growing user base.
- I received **several appraisals for exceptional work**

Knet Payment Gateway, Kuwait City— *Frontend Developer*   AUGUST 2023

- Consumed RESTful and/or GraphQL APIs to retrieve, display, and interact with real-time data in web applications.
- Worked with authentication and authorization methods (e.g., OAuth, JWT) to secure API access.
- Collaborated closely with the backend development team to define API endpoints and data structures, ensuring seamless communication between the front-end and back-end systems.

Bayelsa Tech Hub, Bayelsa State—*Frontend Developer Intern*   JANUARY 2023 - AUGUST 2023

- I implemented frontend **best practices** to ensure cross-browser compatibility and accessibility.
- I **utilized various frontend libraries/frameworks** such as React and vue to build scalable and maintainable codebase.
- I **collaborated with cross-functional teams,** including developers and stakeholders, to ensure we meet both design and technical requirements.

VOLUNTEER EXPERIENCE

48IN48 — Atlanta, *Georgia, USA—Frontend WordPress Developer*   September 2023 - October 2023

- I worked on tasks and projects using Trello, Kanban and Slack for communication.
- Developed custom WordPress themes and websites.
